CROSSFIRE 200GT

Side by Side UTV

The Crossfire 200GT is an entry-level side-by-side UTV that perfectly suits smaller properties and light farm work. With its compact yet robust design, it offers a balance of utility and ease of handling, making it an excellent choice for those new to UTVs or those seeking an affordable, reliable workhorse for daily tasks. Powered by a 177.3 cc single-cylinder, 4-stroke engine, the 200GT provides 12 horsepower and a maximum speed of ~50 km/h, ensuring that you can cover your property efficiently without sacrificing comfort. Its dual A-arm independent front suspension and swing-arm dual shocks at the rear provide a smooth ride over uneven terrain, while the hydraulic disc brakes offer reliable stopping power. The 200GT also features a practical transmission with Forward, Neutral, and Reverse (F-N-R) gears, allowing for easy manoeuvrability on smaller plots of land.

Perfectly suits smaller properties and light farm work.

Designed with farm owners in mind, the Crossfire 200GT is equipped to handle daily chores such as transporting tools, supplies, or even small loads with ease. The durable chain wheel drive system and its 140 mm ground clearance allow for stable movement over rugged surfaces, making it suitable for off-road paths around the property. With an 11.5-liter fuel tank and EFI (Electronic Fuel Injection) system, it offers excellent fuel efficiency, reducing the need for constant refuelling. Whether you're hauling equipment or checking livestock, the 200GT provides the versatility and performance needed to tackle farm work at a more leisurely pace, making it a valuable addition to any smaller-scale farm or rural property.

Optional features:

- Windscreen

Engine	LH1P63FMK, Single cylinder, 4-stroke
Displacement	177.3 cc
Power	9/7000-7500 kW/r/min
Torque	13/6000-6500 Nm/r/min
Drive	Chain wheel drive
Horsepower	12hp
Cooling	Air-Cooled
Fuel system	Delphi EFI
Compression ratio	10:1
Fuel capacity	11.5 L
Starter	Electric
Fuel System	EFI
Transmission	F-N-R (Forward-Neutral-Reverse)
Bore x stroke (mm)	62.5 x 57.8 mm
Max speed	~50 km/h On level hard ground
Suspension front	Dual A-arms independent suspension
Suspension rear	Swing arm Dual Shocks
Brakes front	Hydraulic Disc
Brakes rear	Hydraulic Disc
Tyres front	AT21x7-10
Tyres rear	AT22x10-10
Dimensions (L x W x H)	2340 x 1430 x 1830 mm
Tray size	1294 x 715 mm
Wheelbase	1760 mm
Ground clearance	140 mm
Dry weight	329 kg
