CROSSFIRE 800GTs

Side by Side UTV

Built for riders who demand both performance and practicality, the Crossfire 800GTs delivers premium capability on and off the trail.

Built for those who demand both performance and practicality, the 800GTs HPU 750X brings premium features to the trail.

Equipped with electric power steering (EPS) and front and rear cameras for precision and safety, it offers seamless control in any environment. Its vented windshield, rear poly windshield, half poly doors, and LED lighting package ensure protection and superior visibility.

The advanced 10-inch colour touch screens with Bluetooth, Apple CarPlay, FM/AM radio, and integrated speakers keep you connected, while the addition of a rear bumper and step rails enhances both utility and style.
