Electric UTV

E10 - 2 SEATER E10 LITHIUM - 2 SEATER

Discover the versatility and efficiency of the E10 electric vehicle, the perfect companion for vineyard management or stable operations. Equipped with a robust 24HP AC motor and 72V 140AH gel batteries, the E10 offers exceptional power and a range of up to 20-50km on a single charge.

Its 4WD capability and rear differential lock ensure smooth navigation through uneven terrains, making it ideal for traversing vine rows or navigating stable grounds. The electric tipping tray adds convenience for transporting equipment, feed, or harvests. Embrace sustainable and reliable transportation with the E10, designed to meet the demands of agricultural and equestrian environments.

E10 CREW - 4 SEATER

Introducing the E10 Crew, the ultimate electric vehicle for efficient and eco-friendly transportation in vineyards, stables, or municipal settings. This 4-seater model features a powerful 24HP AC motor, 72V 140AH gel batteries, and a range of up to 40km, making it perfect for group tours, staff transportation, or daily operations.

With 4WD, power steering, and a rear differential lock, the E10 Crew effortlessly handles diverse terrains, from vineyard slopes to stable paths. The added convenience of a 10" big screen and reverse camera enhances safety and ease of use. Opt for the E10 Crew for a sustainable and versatile solution in agricultural, equestrian, or council applications.

E10 CARGO LWB ELECTRIC UTV / E10 CARGO LWB LITHIUM UTV

Meet the E10 Cargo LWB, a powerful and eco-friendly utility vehicle designed for efficiency and versatility in vineyards, stables, farms, or municipal operations. Powered by a robust 24HP AC motor with 72V battery options — available in standard GEL or upgraded Lithium — the E10 Cargo delivers reliable performance tailored to your needs.

With 4WD capability, power steering, and a rear differential lock, it handles diverse terrains with ease, from vineyard slopes to worksite tracks. The spacious long-wheelbase design provides ample cargo space for heavy-duty tasks, while the 10" big screen and reverse camera offer added safety and convenience.

Choose between the **standard Electric (GEL)** or **Lithium** model to suit your range and payload requirements. The E10 Cargo LWB is your dependable partner for sustainable, heavy-duty transport and everyday work efficiency.
